Major Program Form

Name: ___________________________ OSU E-mail: ___________________________

Student ID Number: ___________________________ Expected Term of Graduation: ___________________________

Major: ___________________________ BA ☐ BS ☐ BFA ☐ BAE ☐ BM ☐ BME ☐ BSD ☐

This form should be submitted to your college office.

Have you filed a graduation application in your college office? Yes ☐ No ☐
(Note: this form is not a graduation application.)

If you are completing two majors, list both below and file a separate form for each one:

1) ___________________________ 2) ___________________________

Part A. Required Prerequisites (and/or supplementary requirements)

Requirements for the Major

Your major program must consist of at least 30 semester hours of credit in courses numbered 2000 or above as prescribed by your major advisor. Please note that many major programs require considerably more than 30 hours of credit.

You must earn at least a C- in a course in order for it to be listed on your major. However, you must receive a 2.0 cumulative GPA for all major course work. If you earn a D+, D, or an E in a course that is required for your major, the course cannot be counted toward the major. Your major advisor will decide if the course should be repeated or if another course should be substituted for it. Courses taken on a pass/non-pass basis cannot be used on the major. Please note: if you became a major in the Professional Programs in the Arts winter quarter 2003 or later, you must have a minimum cumulative GPA of 2.25 in your major course work in order to graduate with that major.

Your major advisor must approve all courses comprising your major. If you change from one major or curriculum to another, consult with an Arts and Sciences (ASC) advisor. Such changes may result in modifying requirements to such an extent that your date of graduation might be delayed.

If you have transferred from another institution, no more than half of the credit hours on your major program may consist of transfer credit. Your major advisor, the chairperson of the department concerned, and the appropriate assistant dean must approve any request for a variation in this policy.

If you are pursuing multiple majors, course work may overlap between the majors, provided that each major department allows such overlap and that each major has at least 18 unique (non-overlapping) semester hours. Similarly, if you are planning multiple majors, there may be overlap between major course work and the General Education requirements (GE)—again, with permission of the major department and at least 18 unique non-overlapping semester hours on the major.

If you are pursuing multiple degrees, at least 30 additional semester hours beyond the 121 hours required for a single degree must be earned for each additional degree, and at least 18 of the additional 30 hours must be ASC or ASC-approved upper-division course work. Upper-division courses are defined as all Arts and Sciences courses at the 3000 level or above, Philosophy 2500, all courses taught by departments in mathematical and physical sciences at the 2000 level and above (except for courses numbered 2184), and foreign language courses taught in the language at the 2000 level. The GE requirements for each degree must be fulfilled. (For example, a student earning both BA and BS degrees is required to complete calculus and a second lab science course, which are not required for the BA, because such course work is required for the BS.) No overlap between majors, or between the major and the GE, is permitted. You must pursue a major different from the major earned as part of your other degree(s). No more than 6 semester credit hours of any previous minor course work may be used on the major for an additional degree. You must also petition for approval to pursue an additional degree at least a semester before your graduating term. You should consult your ASC advisor regarding the petition process. An approved major program form must accompany the petition. Note: different rules apply to students pursuing multiple professional degrees in the Arts, namely the BFA, BAE, BM, BME, and BSD. See materials specific to those programs for details.
